Appendix 9-1 Capital Cost Estimate

## Exhibit 9: COST OF PROPOSED FACILITY

### 9.1 Capital Costs

A detailed estimate of the total capital costs of the Article VII Project, as well as costs associated with development and permitting of the Eight Point Wind Energy Center (EPWEC) generation facility, is included as Appendix 9-1. This information is proprietary, therefore, the Applicant will seek the requisite trade secret protection for this information pursuant to Public Officer's Law (POL) Section 87(2) (d) and 16 NYCRR § 6-1.3.

### 9.2 Source of Capital Cost Estimates

The cost estimates provided in Appendix 9-1 are based on the Applicant's experience in developing and constructing transmission and wind energy projects in the United States and estimated prices from vendors associated with the various transmission and wind energy project components, all in current dollars.

### 9.3 Work Papers

Upon the demand of any party or of the New York State Department of Public Service (NYSDPS), the Applicant shall supply the work papers from which the estimates made above. However, this information is proprietary and typically retained as trade secret. Therefore, the Applicant will seek the requisite trade secret and any other applicable protection for this information pursuant to POL Section 87(2)(d), 16 NYCRR § 6-1.3, other applicable law, and/or a protective order as necessary.
